Newsletter November 2024

Dear gardeners,

We have a few more facts for you.

Order seeds, potatoes, etc. through our association

The seed guides from Garant seeds have arrived! You can order seeds, potatoes and other garden supplies through our association. You also support us because we receive a percentage of the sale. Garant has a large and varied range at reasonable prices. What could be more fun than making plans now for the next garden season? Browse through the guide and inspiration will come naturally. You can grab a guide in the tent at the clubhouse. Don't forget to close the tent again!

How does it work?

The seed guide contains an order list for potatoes and one for seeds and other items. You can hand these in until December 23th in the mailbox next to the gate on Heuveleindseweg. The association advances the total amount of all orders to the supplier. The amount of your order will then be debited by direct debit by the treasurer. You sign this upon delivery of your order

 **NB:** The VAT rate for floriculture items will most likely increase from 9 to 21% as of January 1, 2025. Final decision-making has yet to be made, but of course the guides had to be printed. The prices in the seed guides are still based on 9% VAT. If the new VAT rate is introduced, Garant will be forced to increase the total order by 10%. When you order you agree to this.

The seeds are expected to be delivered in early February, the potatoes in early March. Have fun making plans for your garden for next year and selecting the items you want. We await the order lists with interest.

Cancel garden?

Are you unsure whether you want to continue with your garden next year? Then make the decision quickly. If you decide to stop after this year, you must cancel before December 1st. If you do this later, you are obliged to pay the rent for the following year. You can cancel by sending an email to secretaris@oudebogten.nl

Please keep in mind that if you stop using your garden, you must first put it in good condition in accordance with our regulations, with or without help from your own network. Otherwise we cannot rent it out again. You have until December 31st to do this.

Repeated call: the Garden Clean-up Team (TOT) is looking for reinforcement

We are very pleased with the initiative of some gardeners to help clean up some gardens. Work takes place on Friday mornings. At the moment this is still a small club. It would be great if some more volunteers would like to join us. You can then work in shifts on Friday and Saturday mornings. It is meaningful work, you get to exercise in the outdoors, together with fellow gardeners in a positive atmosphere. And you help the association enormously. Would you like to contribute to this or would you like to obtain some more information first? Then report to Erwin Lagarde. He can be found almost every day at garden 199, 240 or 241. Or just go and have a look on Friday morning. You can also register via secretaris@oudebogten.nl

Reminder: Sunday December 1st AGM

In the previous newsletter you could read that the second General Members Meeting (AGM) of this year will take place on December 1st. It will take place in our clubhouse from 11:00 am to max. 12:30 pm. Here we present, among other things, the budget for next year. We will of course provide coffee and tea with something tasty.

There are no printed copies of the (concept) minutes of the previous AGM available!
We sent this to you earlier. Take them with you if you want, that will save another tree(s)
